Cheryl A. Kosmerl, MSW, LCSW has over ten years experience working with children who have committed sexual offenses and is listed as a Full Operating Provider for the Sex Offender Management Board. In 2013, she was asked to create a sexting specific curriculum called Sexting Solutions[®] based on research

and best practices at the request of the Colorado 1st Judicial District Attorney's Office. This program was the first of it's kind in the state and of the more than 200 students who have participated in the program, less than 2% have come to the attention of the DA's office for recommitting this offense.
